Joaquin Miller Just Returned from Hawaii Tells It.

### QUEEN LIL A CHRISTIAN

And the Only Christian Among a Lot of Devils—The Price of Beef is Going Up Rapidly in Chicago—Other News Items of Interest.

SAN FRANCISCO, March 27.—Joaquin Miller returned from Hawaii to California today on the steamer Australia. When asked if he was done with Hawaii, the poet said:

"I have not begun. I am going to wait and see who goes down there to liberate these men. Possibly they may be set at liberty when their captors get badly scared, for they are awful cowards. But if they do not liberate them, the very last and lowest political prisoners, and then return the lands appropriated from the natives and the queen under the name of crown lands, I shall go to Japan. I am no stranger at the Japan court. I think I shall only have to state the case and promise political rights to the oppressed 20,000 contract slaves of Japan down there, to get an ironclad. There are hundreds of good men down there, kept in the vilest prisons by men who betrayed a woman and robbed her, and there is plenty of gold and a kingdom waiting for whoever will liberate those good men. The soldiers down there will not fight for Dole. They won't fight to keep those men in prison. It is not human. In fact, they are all falling out. I doubt if Dole has any friends at all, who are not under pay as civil and military officers or in some way selfishly interested in his oligarchy. There has been nothing nearly so monstrous since the reign of terror."

Miller makes an appeal for books to be sent to the political prisoners, as they have nothing to do and nothing to read, and unless they have something to divert their minds they may go mad.

Of the ex-queen, Miller says:

"Of all those who participated in her arrest and trial, and of all that was said and done, the only Christian was that poor dusky woman in the midst of hundreds of cruel men. The only Christian act of resistance came from her."

He says that Major Seward, Colonel Ashford, T. W. Walker and other white traitors are confined in cells 5 by 8 feet. Two men are in each cell. They are allowed an airing two hours during the day. The average temperature in the cells is about eighty degrees.

MEATS GO UP.

CHICAGO, March 27.—The Post says: Prices of all kinds of meat will be higher this summer than they have been for years past. Even the high prices which were made by some dealers during the World's fair period will be exceeded by the figures asked for roasts, steaks and chops from now on. It is not probable that much relief will come before next fall. Prices have already advanced about 25 per cent, and an additional advance of about the same proportion is almost certain. The cause of this is the short supply of cattle, followed by the necessarily increase of value, which forced dealers to raise prices to consumers.

DARING HOLD UP.

GREENWOOD, Ky., March 27.—One of the most daring and unsuccessful attempts at train robbery occurred at 2:30 a. m. today in the southern part of Kentucky, when six men undertook to rob southbound train No. 3, the Queen and Crescent. One of the six was killed outright, one died this morning and a third, giving the name of Miller, lies here severely wounded. The other three escaped. The train reached Chattanooga today on time. The reason for this summary disposal of the train robbers is found in the fact that some tidings of their purpose had been given to the railroad or express authorities, and T. R. Griffin, superintendent of police on the southern road, had with him on the train two trusty assistants. The train had just reached the south end of tunnel No. 9 a mile north of Greenwood, when the robbers signalled it to stop. They had scarcely disclosed their purpose until Griffin and his assistants began offensive operations. In ten minutes three robbers had been killed and the others down, and the train was speeding on its way. No injury was suffered by any who were on the train.

THE DEAD IDENTIFIED.

It was George Williams, a Young Man of Nephi, who so mysteriously lost his life near Deseret last week.

NEPHI, March 27.—[Special to THE DISPATCH.]—The body of the man found last Friday, about seventy-five miles west of Deseret, has been identified to be George Williams of Nephi. Williams had been herding sheep for several months in that part of the country. On about the 8th inst. he left his camp, without saying where he was going; he was on horseback and carried with him a valise with a suit of new clothes; the next day, the horse returned to camp alone. The sheepmen thinking that Williams had made his way home to Nephi, did not imagine that there was anything very serious in his disappearance, until some days after, when word reached them that Williams had not been seen nor heard of by his folks.

A few days after, a sheepman discovered

the body of a man lying flat on his back on his face, and without any clothing upon it. The father of the young man stated at once for Deseret after the body, and is expected to arrive in Nephi soon with the body if it can be transported.

There is a mystery surrounding the death of that young man, that will probably never come to light. The supposition is that through some unknown cause, he became bewildered and temporarily affected in his senses, and perhaps through the want of food and water, which would naturally bring weakness and aberration of the mind, and, no doubt being entirely exhausted, laid down in his final rest.

The sad news has cast a terrible gloom over his family and this city. He was the son of George and Mrs. Williams of this city; was a young man and well respected and very industrious; kind to his parents and acquaintances.

It is understood that the coroner of Deseret precinct, with others, went over the body. It is expected that at the inquest there may be some new light thrown upon this mysterious calamity, although it will be very difficult to obtain any detailed particulars of his many days wandering alone upon the desert.

LATER—Since writing the above, word has come that the body had to be buried where it was found on account of the state in which it was.

## DISTRICT COURT.

Two Applications for Admission to the Bar.

EVANS GETS A VERDICT

For \$903.75 Against the Lehi Dairy Company—George Searle Ex-Sheriff of Utah County is suing the County For Fees as Jailor—Other Matters.

All of the evidence on both sides of the Israel Evans vs. the Netherland Fine Stock &amp; Dairy company was given in the First District court last evening and arguments by the attorneys were made. This morning at 9:30 the jury was charged by Judge King. The suit was brought to collect \$923.00 for wages and \$345.00 on an open account for produce, etc. Defendants denied owing plaintiff anything and claimed \$1,346.92 from plaintiff on an open account.

The jury staid out considering the verdict all the forenoon. At 2 o'clock this afternoon it returned into court, nine of the jurors having agreed to a verdict for plaintiff in the sum of \$903.75.

Sam A. King, E. A. Wilson and M. M. Warner were appointed a committee to examine William Ashton and E. G. DeFrieze, both of Utah county, applicants for admission to the bar.

JUDGE SMITH ON THE BENCH.

At 10 o'clock, Judge Smith of the Fourth District court took the bench. Judge King gave way and took the first train for Ogden.

The first case taken up by Judge Smith was the suit brought by George Searle, ex-sheep of Utah county, against the county for \$706.00 services as jailor and for \$209.86 expense and cost of apprehending and bringing to trial Eliza Jones, who was accused of homicide.

Mr. Searle has other claims against the county; this case, by stipulation, is being tried without prejudice as to them. Sam A. King and E. A. Wilson appear for the plaintiff; the county is represented by D. D. Houtz.

A verdict for \$120.60 was found for Searle.

The Outlook is Good for Provo.

Shipping bills were received here a few days ago from two of the largest dealers in this country, viz: an immense dry goods concern of New York, and a special shoe house of Boston. The invoice from the first named, showed that the shipment consisted of fine dress goods and trimmings, with colored hose, lace, ribbons and silks of the latest weaves and most approved styles. The bill from the Boston house calls for satin slippers in red, pink, blue and white. Oiled leather shoes in tans, grays, etc. These goods are all something nicer than Provo has ever before been favored with. They are all billed to R. A. Barney, and will be on sale in a few days at 30 and 32 Center street.
